

LUNCH & LEARN

Summary Notes for March 14, 2024

Hello Amazing Georgia IB Coordinators!

Here are the Summary Notes and resources links from our March IB Coordinators Lunch & Learn.

(Click on the links and images throughout the notes to access more information.)

Thank you to everyone who was able to join in our Lunch & Learn and contribute to wonderful, collaborative thinking using this provocation, **How can I provide structures and resources to support the IB mission?**

Topic: Environment: Providing essential structures, systems, and resources

1 What?> Buy-in with Environment

(0201): We began our inquiry setting the stage for the questions and wonderings for our panel of IB Administrators around provisions, processes, and procedures that support the IB mission and the primary and secondary responsibilities of all IB coordinators. We focused in on the IBC leads planning, monitoring the implementation of core components of the programme(s), programme development initiatives, introducing and/or inducting new staff and relevant leaders.

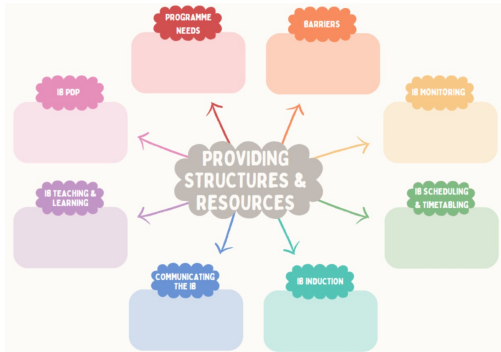

Our lens for the discussion was based upon the

What actions can IB Coordinators and/or IB Leaders take to build buy-in for IB?

The What	Structures	Resources	Build a Plan
IB Coordinator Responsibilities	Processes Procedures	People (Roles) Funding for Needs	IB PDP PSPs (0201)

Programme Standards and Practices 0201-01-0200, 0201-03, 0201-03-0100, and 0201-04-0400. These practices could be used to create a Programme Development Plan (PDP) for Environment.

2 So What?> Organizing the insights

from the experts: We used a customized **Generate, Sort, Connect, Elaborate** (G-S-C-E) Project Zero thinking routine to organize the advice, ideas, examples, and perspectives shared that can be used for planning once back in the school context.

3 Now What?> Expert Advisement:

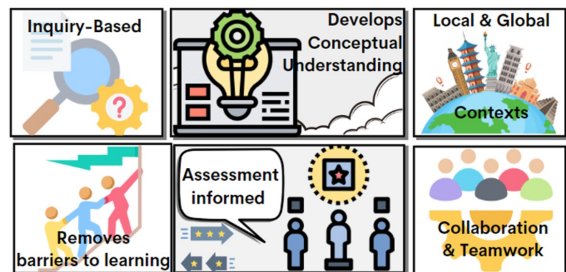

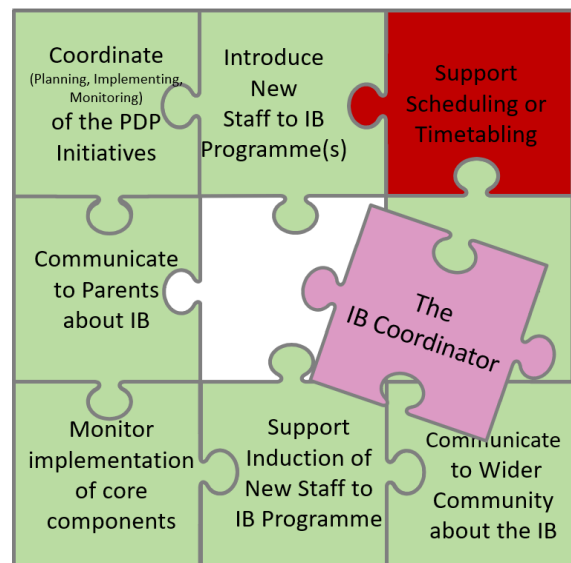

We heard perspectives on and examples around the following Programme Practices:

Leadership 1.2: Leadership and governance understand all IB rules, regulations and guidelines, and have put in place structures and processes to ensure compliance.

Leadership 3: The school organizes time for learning and teaching that provides a broad, balanced and connected curriculum and serves the changing needs of its community and, The school organizes time for learning and teaching that provides a broad, balanced and connected curriculum and serves the changing needs of its community.

Leadership 4.4: The school ensures that students and legal guardians are informed of the general characteristics of relevant programme(s) and how the school implements them.

Our panel was John Denine, CASIE, Dr. Martha Donovan, Dekalb County, Dr. Thea Murphy, APS, and Dr. Waller, APS. It had the feeling of a Fireside Chat and was very informative.

More Resources That We Shared and Viewed:

Below is a resource we used as a protocol for organizing the learning that occurred:

A THINKING ROUTINE FROM PROJECT ZERO, HARVARD GRADUATE SCHOOL OF EDUCATION

Generate-Sort-Connect-Elaborate

A routine for organizing one's understanding of a topic through concept mapping.

Select a topic, concept, or issue for which you want to map your understanding.

- **Generate** a list of ideas and initial thoughts that come to mind when you think about this particular topic/issue.
- **Sort** your ideas according to how central or tangential they are. Place central ideas near the center and more tangential ideas toward the outside of the page.
- **Connect** your ideas by drawing connecting lines between ideas that have something in common. Explain and write in a short sentence how the ideas are connected.
- **Elaborate** on any of the ideas/thoughts you have written so far by adding new ideas that expand, extend, or add to your initial ideas.

Continue generating, connecting, and elaborating new ideas until you feel you have a good representation of your understanding.
